

What participants have to say about the Family Connections Program

"The Family Connections® course gave us the skill to understand our daughter's illness. With that knowledge, came understanding and compassion. Without the opportunity to attend this course, we are sure that our daughter's life would have been much more chaotic and destructive. At the same time, our family relationship may have fragmented in the ensuing despair. However, now we are empowered to manage the effects of BPD with strategy, knowledge, and patience."

"Years ago, I wrote: 'I know I'm not alone in this. I just wish we mothers could connect somehow.' Well, I have found some other mothers. We found a course for family members (Borderline patients themselves were not included). At the very first meeting, as each family shared their stories, my husband and I caught each other's eye and nodded in recognition. Each week, we had course work and sharing. We laughed and we cried. It has been a godsend. Between the course and the community, I feel much stronger and better able to be an effective parent to our daughter."

ON-BPD ADVISORY BOARD

Tamara Chipperfield, Director, Mental Health and Addictions, Centretown Community Health Centre

Helen Gottfried-UnRuh, MS, RSW, Senior Manager, Canadian Mental Health Association, Ottawa Branch

Perry D. Hoffman, PhD, President, National Education Alliance for Borderline Personality Disorder

Deanna Mercer, MD, FRCPC, Consultant Psychiatrist, DBT Program, CMHA-Ottawa; Associate Staff, Department of Psychiatry, The Ottawa Hospital; Assistant Professor, Department of Psychiatry, University of Ottawa

Patricia Swick, BScN, MSW, RSW, Social Worker, Youth Outpatient Department, Royal Ottawa Mental Health Centre

Patricia Woodward, MAT, National Education Alliance for Borderline Personality Disorder

There is no cost for participants to take the Family Connections® program, which is entirely volunteer-run. To join ON-BPD, the membership fee is \$10.00 annually. Members receive notices of upcoming events that are relevant to BPD.

ON-BPD is a volunteer-run charitable organization (Registered Charity Number: 829239474RR0001). Donations to the Ottawa Network for Borderline Personality Disorder are appreciated. Tax receipts will be issued for donations greater than \$10. For more information about donations, please visit our website at www.on-bpd.ca/en/donations.

FAMILY CONNECTIONS

Family Connections® is a 12-week program designed to provide the adult family members and spouses of individuals with emotion dysregulation or Borderline Personality Disorder with knowledge and skills for their own well-being and for better understanding their loved one.

The program in Ottawa is offered by the Ottawa Network for Borderline Personality Disorder.

ON-BPD
OTTAWA NETWORK FOR BORDERLINE PERSONALITY DISORDER

WHAT | The Family Connections® program is an adaptation of Dialectical Behavior Therapy (DBT), an approach that has been shown to help those with BPD, typically led by professionals in medical institutions. The Family Connections® program brings the skills and education into the community and is led by trained volunteers who also have family members with BPD.

Developed by Dr. Alan Fruzzetti and Dr. Perry Hoffman, the program seeks to provide the most current information and research on BPD, to teach coping skills based on Dialectical Behavior Therapy (DBT) and to develop a support network.

WHO ATTENDS | Family Connections® is for parents, spouses, and other adult family members of someone with Borderline Personality Disorder. ON-BPD offers the Family Connections® course in both English and French.

WHO LEADS | The leaders are volunteers who have experienced life with a loved one with BPD.

WHY | To help participants understand the illness, learn skills, and develop a support network.

WHERE | Sessions are typically held at a central location in downtown Ottawa.

WHEN | Classes are held on Saturdays. We typically run two fall sessions (September-December) and one or one winter session (January-March). If there is sufficient interest, we sometimes run a second winter session.

HOW | To apply to take the course, visit www.on-bpd.ca/en/family-connections.

The format of the sessions allows Family Connections® participants to obtain information, acquire and practice the application of skills, and enjoy an open forum for discussion.

The program combines the real life experiences and needs of families of persons with BPD with the expertise of more than two decades of professional work with families.

Group leaders, who are volunteers and family members themselves, have extensive personal experience in this area and have committed themselves to the training needed to disseminate and maintain the integrity of the program content.

COURSE CONTENT

- Education on Borderline Personality Disorder (BPD)
- Research on BPD
- Skills-training based on Dialectical Behavior Therapy (DBT) in the context of a supportive group environment
- Development of a support network

INFORMATION PROVIDED

The information presented is based on effective treatment theories and practices, and the latest research findings.

TOPICS

- Family Perspectives and Experiences
- Relationship Mindfulness Skills
- Family Environment Skills
- Effective Communication Skills
- Validation Skills
- Problem Management Skills

Please note that we frequently have waiting lists for this program.

Note: In order to benefit from the information that is presented each week and to develop the skills, participants must agree to attend each of the classes except in case of emergency. In addition, participants should plan to spend **about one to two hours per week** on the practice exercises.
